

How to create an Amazon Account

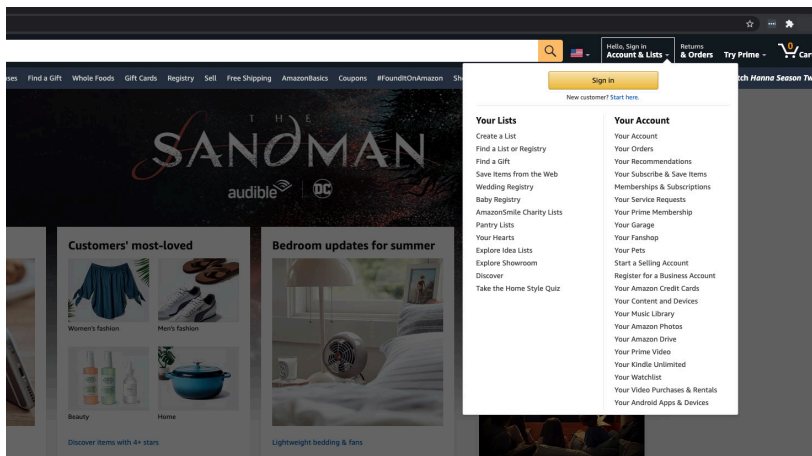

Using the Amazon Website

1. Go to <https://www.amazon.com> using a web browser. You can use any web browser on PC or Mac. This is the home page for Amazon.

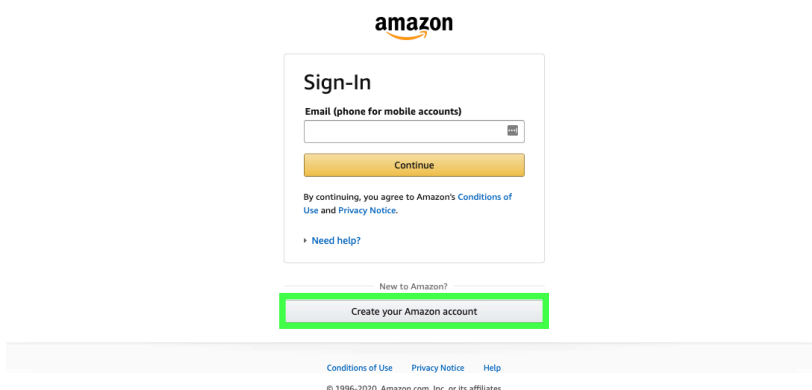

2. Click [Account & Lists](#). It's the first tab with bold letters in the upper-right corner. Placing the mouse cursor over this tab displays a list of account options. Clicking this tab takes you to the sign-in screen.

- If you are signed in under a different account, place the mouse cursor over [Account & Lists](#) and click [Sign Out](#) at the bottom of the menu.

3. Click [Create Your Amazon Account](#). It's the grey button at the bottom of the Sign-in screen. This opens a web form you can use to create an Amazon account.

4. **Type your name.** Use the first bar at the top of the page to enter your full name.

6. **Type your desired password.** Use the third bar in the form to enter the password you would like to use to sign in. Your password will need to be at least 6 characters long. A good password should have a combination of capital and lower-case letters, numbers and special characters (i,e; &, @, !). Make sure you use a password that you can remember, or that you write down your password and put it in a safe place.

- It's best not to store your password on your computer or smartphone, as this may be a security risk.

7. **Re-type your password.** Use the last line on the page to retype your password exactly as you entered it the first time. This confirms your password.

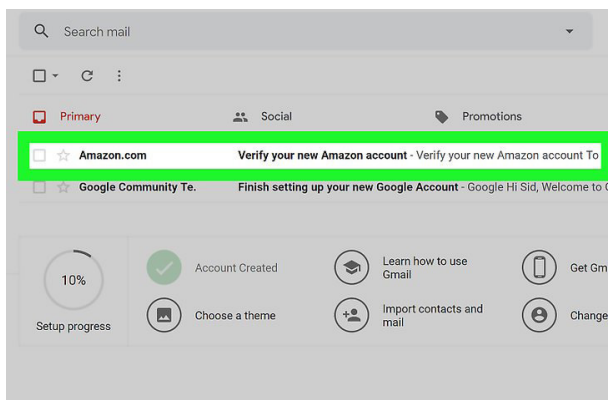

The image shows the Amazon 'Create account' form. It includes fields for 'Your name', 'Email', 'Password', and 'Re-enter password'. The 'Re-enter password' field is highlighted with a green border. Below the form is a yellow button labeled 'Create your Amazon account'. At the bottom, there are links for 'Conditions of Use', 'Privacy Notice', and 'Help', along with a copyright notice: '© 1996-2020, Amazon.com, Inc. or its affiliates'.

8. Click **Create Your Amazon Account.** It's the yellow button at the bottom of the form. This sends a confirmation email to the email address you entered containing a one-time password (OTP).

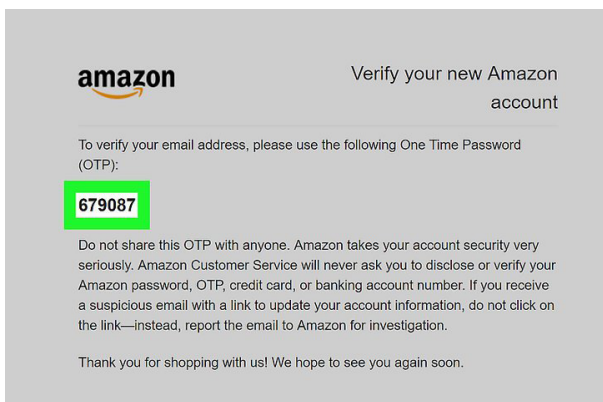

This image is identical to the previous one, but the yellow 'Create your Amazon account' button is highlighted with a green border, indicating it should be clicked.

9. **Check your email.** After you register your account, the website displays a page asking you to enter your one-time password. To get the OTP, you will need to check the email account you entered. Leave the Amazon registration page open and use a separate tab or browser to check your email. You can also check your email using your smartphone, or another app, such as Outlook, Apple Mail.

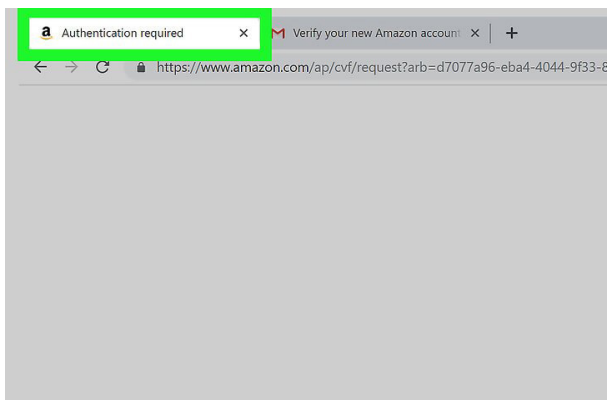

10. [Copy or write down the One-Time Password](#). The OTP is a 6-digit number that is displayed in large bold letters in the center of the page. Write down this number or copy it.

- If you have not received an email from Amazon, check the email address you entered and click [Resend OTP](#) at the bottom of the Amazon registration page.

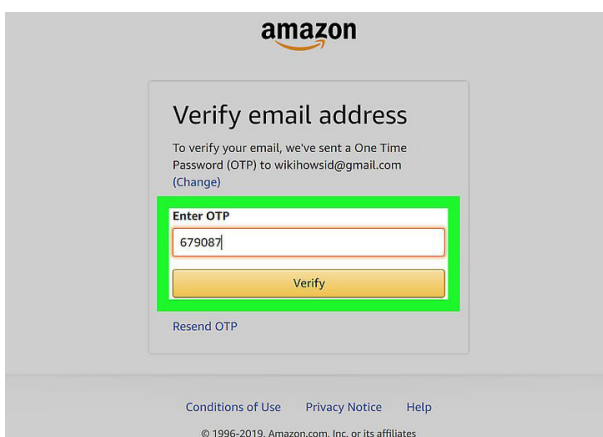

11. [Return to the Amazon registration page](#). After you retrieve the one-time password, return to tab or web browser you were using to create a new Amazon account.

12. [Enter the One-time password](#) and click [Verify](#). Enter the six-digit OTP in the space provided and click Verify. It's the yellow button at the bottom of the page. This verifies your account and signs you into Amazon under your new account.

- If you receive a message that says the OTP is invalid, click "[Resend OTP](#)" and check your email. Enter the new OTP and click [Verify](#).

Personalizing Your Account

1. Edit your payment options. As soon as you've created your account, you'll want to add a payment method to your account. Use the following steps to enter or add a new payment to your account:

- Log in at <https://www.amazon.com> or open the Amazon Shopping app
- Click or tap the icon with three horizontal lines (≡) in the upper-left corner.
- Click or tap [Your Account](#).
- Click or tap [Your Payments](#).
 - For desktop, If you're adding a new debit/credit card, click Add a card
 - For mobile, if you're adding a new debit/credit card, tap Add a credit or debit card
- Enter the name on the card and the card number.
- Use the drop-down menus to enter the expiration date.
- Click or tap [Add your card](#).

The screenshot displays the Amazon account management interface. On the left, a navigation menu is visible with the 'Your Account' section highlighted. The main content area is divided into three panels: 'Your Account', 'Your Payments', and 'Your Balances'. The 'Your Payments' panel is the primary focus, showing options to manage credit and debit cards. A green box highlights the 'Add a card' link under the 'Credit or debit cards' section. Below this, a detailed form for adding a new card is shown, including fields for the name on the card, card number, and expiration date, along with a checkbox to set it as the default payment method. The 'Your Payments' panel also includes sections for 'Your credit and debit cards', 'Your balances', and 'Add a New Payment Method'. The 'Your Account' panel lists various account settings, with 'Your Payments' highlighted. The 'Your Balances' panel shows the Amazon Gift Card balance and options to reload or redeem it.
